Mr. Durán works abroad and comes to Ecuador to carry out some projects, therefore to get around he rents a car and goes to our website, where if he wants to rent a vehicle, he first needs to enter a username and password together with your credit/debit card or it depends on your form of payment, it has a variety of brands and in each brand it has a variety of models too, we also have types of income, like Mr. Duran comes for work, a corporate income suits him well, in our web page and in the rent types section we can now proceed to pay, we indicate the day and time of the delivery of the vehicle and the day and time of its return, our web page is comfortable for users who visit nother city or who they just like to travel.

We have forms for different uses, such as entering a new card, registering a new user or helping us if the radio stops freezing
