User Description

Martha is a mother of a family who urgently needs to do the list of supplies for her 9-year-old son since due to her work she did not have time to do it in the previous week so she visits the website of the ORFITA stationery store and view the opening hours and she realizes that she is still in service so she accesses the catalog and view the products that are available and proceed to build your list of useful and to calculate the total to pay. Once the list is made, she leaves her of her home of her going to the ORFITA stationery store and with her list of supplies and proceeds to buy the products.
