

Team6 -> Team4

- **Code Standards:**

Name of variables and html files in english:

```
31 lines (28 sloc) | 899 Bytes
1  <!DOCTYPE html>
2  <html lang="en">
3  <head>
4
5      <title>Document</title>
6  </head>
7  <body>
8      <table width="1000">
9          <th>
10             <center><table width="1200">
11                 <tr>
12                     <td colspan="2"></td>
13                     <td><p><a href="area.html" target="iframe2">INICIO</a></p>
14                     <td><p><a href="inicio.html" target="iframe2">NOSOTROS</a></p>
15                     <td><p><a href="contactos.html" target="iframe2">CONTACTOS</a></p></td>
16                 </tr>
17             </table></center>
18         </th>
19     </table>
```

Good indentation, but bad names of variable

Any documents have to be indented:

```
<!DOCTYPE html>
<html lang="en">
<head>
    <title>Document</title>
</head>
<body style="background-color:rgb(231, 231, 231);">
```

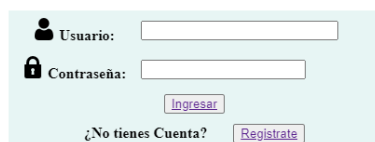

- **Visual Design:**

Create the visual design

- **Execution:**

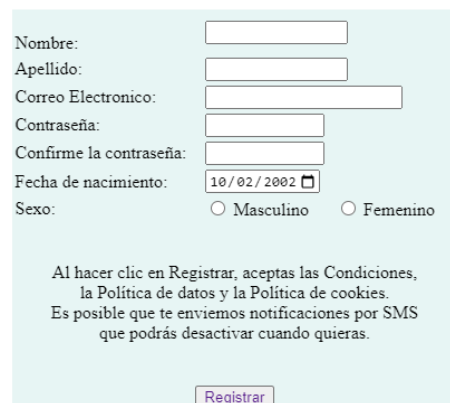

Create two forms more:

LOGIN PAPELERIA ORFITA

Form for login. It includes a user icon, a password icon, and a login button. The text '¿No tienes Cuenta?' is followed by a register button.

Crea una cuenta con ORFITA

Form for creating an account. It includes fields for Name, Surname, Email, Password, Confirm Password, Date of Birth, and Sex. It also includes a checkbox for 'I agree to the Terms and Conditions' and a 'Registrar' button.
